Most GWR tender locomotives changed their tenders many times during their lives, some as many as twenty times !**Considerable research has been done over the past few years in order to identify the correct tender numberplates to include in your orders , and I am indebted to my old friend, the Late Bill Peto for his help in this respect.****IT IS THEREFORE VITAL THAT YOU TELL ME WHICH TYPE OF TENDER YOU HAVE FOR YOUR MODEL, and the approximate YEAR in which you are modelling your loco.****TITLED TRAIN HEADBOARDS****PRICE : £6****These are the Boards with Gill Sans lettering introduced by the newly formed British Railways from c. 1948**

These boards, with their raised beading and Gill Sans lettering, came in a number of standard shapes and sizes, which, when combined with different sizes of lettering, resulted in a fascinating variety of Headboards. They are not supplied painted, as they appeared in regional colours as well as standard black. The NRM was particularly helpful back in the mid-1990s, when their huge collection was not on public display but in a warehouse on the other side of the City.
